ECHELON,

This week, let's spread the new tile everywhere online. Place it on your personal websites, MySpace/Xanga/LiveJournal pages or other blogs, in email and message board signatures, etc. Make your mark and let's get the 30STM tile displayed everywhere!

Plus, make sure to use your [ONLINE LOG](#) to let us know where you spread the tile so the band can feel your support...

**{ Important Message From The Band }**

Some new and exciting things are going to be happening with 30 Seconds To Mars... We're starting a new division of the Echelon dedicated to helping promote the band through special missions in specific target areas offline.

We have designated **Tracy/Synthetic** as the ECHELON point person for these special missions. She will be in charge of delegating responsibilities and important tasks given by the band to members of the ECHELON in specific areas. Keep an eye out for messages from her and please give her your full support!

In the wake of the new tour, we need all your assistance and cooperation in helping us to complete the goals we hope to accomplish. Plus, as a bonus there will be a lot of new promotional materials, as well as awesome contests and prizes. **Thank you for all your help and keep up the great work!**
